THE RIVER CAFE

'CELLAR PROGRAM'

Since its inception, The River Cafe has strongly believed that in order to create a world class wine program, to insure clientele of an exceptional wine list, and to obtain optimum development of its wines, long term cellaring would be necessary. Traditionally, long term cellaring was practiced by serious restaurants both here and abroad. Unfortunately, today's economy has forced many fine restaurants to abandon, or dramatically reduce this practice. It is important for clientele of The River Cafe to know, that long term wine cellaring is an important and necessary expense that has been, and will continue to be maintained.

Throughout the many years that we have been cellaring our wines there has been a great temptation to release many of them before, what we believe to be, their optimum development. However, we recognize the fact that optimum development can vary dramatically between palates. With this in mind we offer a glimpse through our cellar doors with the opportunity to select these wines for a future visit.

Due to the Fact that our temperature controlled wine cellar is located off premise, we require an advance notice of one week. Selections must be made directly with the restaurant's wine director Joseph DeLissio who can be reached at 718 522-5200
